ROTARY'S NEW THEME FOR 20/2

Rotary, providing us with the opportunity to make a difference

Hello everyone,

This week's meeting was moved to Thursday, so we could enjoy a joint meeting and visit Corio Bay Rotary Club. President Deb, made us all very welcome, as did the members. Lots of fun and

laughter as we all played Bottle Bingo and found out information about each other. Previously President Deb was busy in the kitchen and cooked up a batch of muffins to add to the prizes, Thanks you Andrea for some pic on Page 4.

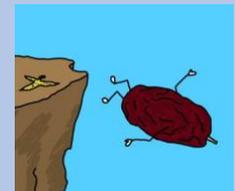

This week it has been busy with finalizing all the collection for the Lucy Project, it has been a little difficult as we have collected a little too much for DIK to handle at the moment, but we will work it out, and as soon as the container arrives to Roseneath Street, all will be right. Lucy is very happy with the support she has received for Bayside, and I feel we have all enjoyed making a difference to the children of PNG.

Brandon Aranyosi of "Small Dog" has helped the club once again, producing the flyer for our Trivia night and Raffle. The fundraising team, Judy Eyles & Ian Aranyosi, with friend of Bayside, Anne Cotsell, have worked tirelessly organising this. I called into Anne's home this week to see what this wonderful lady has collected for the Raffle and Trivia Night. This is half of Anne's efforts. But we won't have the outcome we desire, if we don't get the people to attend the night. You can get online to try booking and book a table now

SOME VERY INTERESTING READING

from The Rotary Club of Colac West newsletter this week, regarding their guest speaker on 15th June

Delwyn Seebeck – Lions V2 DG Cancer Foundation

The district of Lions international in Victoria and southern NSW have identified a need for a mobile skin care check and awareness unit to operate across Victoria, and in particular in remote areas not serviced by dermatologists or other skin specialist.

Australia has one of the highest skin cancer rates in the world. This is nothing to be proud of. With our love of the outdoors lifestyle and harsh climate we are often exposed to the dangers of excessive amount of ultra violet radiation.

It would be good to hear more from Delwyn Seebeck, about this very important subject, Seem like these mobile medical units are doing a great job, I now know of the Pink Bus, the Purple Bus and now the white one, all doing a great job If you would like to read more [CLICK HERE](#)

Newcomb Park Primary School

On Friday a few members called into Newcomb Park Primary school to see what

we were able to collect for the children of PNG. Lucy Loko joined us, and to say she was excited doesn't explain it. Principal Jackie Haines said it's a win win situation it helps the school and it helps the children of PNG. Jackie mentioned that the window blinds in the classroom were very good and would Lucy like to take them. Lucy looked a little stunned, then said

we don't have windows or walls at the moment. Next Tuesday is our collection Day, and we need lots of help moving all the items into the truck, then unloading in Bannockburn for storage while we wait for the container to arrive. I'm afraid DIK in north Geelong is a little full at the moment so thanks to The Murrell Group, for providing a temporary storage area in Bannockburn for the time being.

Our Joint meeting with the Rotary Club of Corio Bay on Thursday night was a really good night. President Deb welcomed us to the meeting and encouraged us to not to all sit together, but get to know each other. And we did just that.

We enjoyed a delicious meal and then everyone was given a sheet that got us out of our seats and asking questions of everyone with our Bingo game.

Thanks to everyone for being such good sports

Now I'm not too sure what this conversation between Judy E and Shirley was about, but looks very interesting. Were they discussing who had been sleeping on a park bench I wonder?

DG Phil was the first in the room that shouted out Bingo, well done and he was very happy to be taking home a plate of Deb's muffins

TIME TO CELEBRATE THE GREAT YEAR WE HAVE HAD.

We all joined together this year under very different and sometimes difficult circumstances, but we made it through brilliantly. We didn't know what the year would bring, so we did our best to make a difference where and when it was possible. We held, and some are still continuing, 26 service projects. Now personally, I think that something to celebrate. So please join us for this special evening, and also to our unofficial members, our members partners, please join us for our celebration dinner

One last thing. Tuesday is a very important day and we really need some helpers to lift carry and stack the furniture van with all the desk, chairs and book that Newcomb Park Primary school are donating to the Children of PNG. Thank you to those that have offered to help, but we need some more helpers please, I really need to hear from you, I understand it's a work day so some can't be involved, but if you can, wonderful, Please, give Ian 0418346016 or Jo 0419155183 a call if you are available.
