ROTARY'S NEW THEME FOR 20/2

Rotary, providing us with the opportunity to make a difference

Hello everyone,

An interesting week this week with 9 members and friend of the club meeting at Newcomb Park Primary school to collect items for the Lucy project. Thank you to Amanda Patterson, David Fisher, Brian Burch, Telsa Stubna, Peter Kavenagh, Ian Aranyosi, David White and Brian Mundy. We had a couple of very busy hours and loaded many tables chairs books and boxes into the truck to be transported to Bannockburn to be stored there until the DIK container is available. Lucy is thrilled, and passes her thanks to all members for all your help on Tuesday and over the last few months.

Tuesday project & planning meeting was on Zoom this week, where Telsa informed us Wombat Gully Plant Farm are happy to support our Environment project again this year, and it will be starting at the end of July, through August. Your 20% voucher will be sent to you and feel free to pass it on to the family and friends. Every time somebody passes a voucher over when you make a purchase, Bayside receives a 20% donation for the community projects. Well done Telsa.

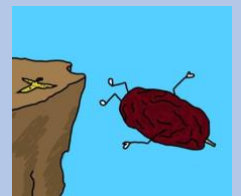

Shirley explained, this year's Quiet Achiever Awards were finalized this week, handing vouchers to four children from St Mary's, Tate Street, and South Geelong Primary schools, lovely project making 12 children feel happy about what they are achieving.

Today, along with Linda Carr & Gary Robinson from Geelong Central, PK and I had an interesting conversation with Business Event Geelong to pitch the possibility of REMOTELY PILOTED AIRCRAFT expo. This project has been spoken about for quite some time, and it's time to move it from an idea that PK had, to a possibility. I think that happened today. We got a very nice reaction to our proposal, plus, great information and help to where and how we will proceed. This has the possibilities to be a bi annual event and raise money for community projects.

I will keep you inform as the information come in.

Have a wonderful week everyone and stay well.

Jo

I HEARD A QUESTION LAST WEEK, WHAT IS **BCYF**
Is it Bicycle, Canoe Yacht & Fishing?

No, Its, **Barwon Child Youth and Family**, and the **Rotary-Cole's Project** started last Thursday. The East Geelong Rotary Club with Jenny Acopian leading the charge, with many members from Groups 9 & 10 being involved. Marilyn Fisher and Judy Eyles have volunteered

from Bayside, collecting and packing goods to be distributed to families in need. This has just started and as you can see, donations are already coming in. All Coles supermarkets are involved, some stores moving faster than others, so by the time next Thursdays packing day arrives, there could be a need for more volunteers. It's not just the girls, the guys are involved as well.

Thanks, ladies, for putting your hand up, great job. For more info on volunteering send Jenny an email to jennyacopian@hotmail.com

COLLECTION DAY AT NEWCOMB PARK

The next and final collection day from Newcomb Park Primary is on Thursday 22nd July.

If you are free to give us a hand, the more people we have the better it is for all concerned. Some of it is heavy lifting, but not all. But we do have to move fast, that's way the more the merrier.

Watch this space for details of the day.

The collection started at 9am, as we had a small 2 hour window to be in and out of school grounds. Lots of laughter and fun, but also we were all so excited about the items we were collecting and making a difference to some of the children of PNG. Also a very heavy cupboard, not wanted for DIK has found a new home at the Torquay Men's Shed.

The head mistress Jackie Hains was so pleased that all these goods didn't end up in the tip and will continue making children's lives a little brighter. I have forwarded on photos from of the Children in PNG to Jackie and she is circulating to the Children of NPP School to see where their old school desks and chairs are traveling to. After we finished at the school at 11am, (Andrea was time keeper) we all traveled to Bannockburn to store the goods while waiting for the container to arrive, The Murrell Group very kindly offered us free storage until that time. Then as always we had some good conversation and lunch together, Great Day!
