## Guess the language

Salut tout le monde,

I hope you are all finding ways to keep warm during this cold snap. Great to see our travellers, Rick and Daryll back at the Navy Club on Tuesday night. Looking forward to hearing their stories and seeing photos from their trips.

Thank you to Karen Knuckey from Story Dogs for explaining what has been going on with our Story Dog Baxter. Sadly Baxter has passed away and they are looking for another dog to take his place.

We had a quick run through of where all the funds have been allocated to this year on Tuesday night at Club Assembly. You all should be so proud of the people we help through fundraising and support; let alone the great work we all do in helping to save the environment by participating in all the activities Aileen organises. I know I have learnt so much over the last couple of years, how things like Clean up Australia Day, saving plastic lids, even just thinking more about what goes into the rubbish and recycle bins can make a huge difference.

See you all on Tuesday for 10 pin bowling and dinner.

Don't forget to get your tickets for Changeover Dinner through Trybookings in the link or QR code in the Bollard.

A tous mardi,

Ian.

**THIS WEEK IN THE CLUB** we all enjoyed an update from **Karen Knuckey from Story Dogs**. Karen always bring her four legged friend Libby with her as all the dogs involved are very social animals and enjoys the visit. Karen informed us the program is going very well with 35 teams visiting schools between Waurn Ponds to Werribee and all through the Bellarine. Children in grade 2, that are having an issue with their reading are invited to enjoy an hour a week for the school year, reading a book that they choose themselves to a friendly dog. Maybe a different approach, but it works. The child becomes more confident because there is nobody to laugh at them as the dog just sits and listens.

also sharing the skills with family members helping them to learn English. And Story Dogs have also moved into the library. They have regular dog sessions at Ocean Grove and Waurn Ponds. So the program is going well and is in good hands and Bayside continues to support it for another year.

One thing that stood out was the words from Karen, "No Judgement" and that can be very hurtful when having problems reading.

Rotary clubs often recognize a member of the public and non-Rotarian that are making a difference in their community. And Karen was very proudly wearing her newly awarded Paul Harris Fellow pin awarded from the Rotary Club of Kardinia.

Congratulations Karen.

Karen also spoke about the Story Dog teams in Werribee.

The Werribee Rotary Clubs have been very supportive and the schools that are involved have many non-English speaking New Australians. So not only are the children leaning to read with confidence, but they are

### THE ROTARY CLUB OF LARA DISTRICT AND THE BIG R OF ROTARY

On the 2nd Sunday of the month Lara is the place to be. It's their Rotary Market Day. Andrea & David Patterson and Telsa Stubna decided to go and see what help Bayside RC can be to our fellow Rotarians in Lara. The market has been running for a number of years very successfully. Our members decided it would be great to give them a hand on the occasional Sunday. Just another one of our Big R programs. Well done team

**PLEASE REMEMBER**

**June 15th is Elder Abuse Day**

Rotary made quite an impact on Sat 15th to make people aware of the unthinkable situation of the abuse of elderly people. And the Rotary says no to Domestic and Family Violence. Daryll Webb joined members of the Rotary Club of Torquay and other clubs from Geelong for a walk against violence.

- One in six older Australians (15%) reported experiencing abuse in the 12 months prior to being surveyed between February and May 2020.
- Elder abuse can take the form of psychological abuse (12%), neglect (3%), financial abuse (2%), physical abuse (2%) and sexual abuse (1%).
- Perpetrators of elder abuse are often family members, mostly adult children, but they can also be friends, neighbours and acquaintances.
- People with poor physical or psychological health and higher levels of social isolation are more likely to experience elder abuse.
- Two thirds of older people don't seek help when they are abused (61%).

Thanks Daryll for representing Bayside Geelong for this very important promotion
